

DID BROWN MAKE PEACE AT TOLEDO?

Republican State Chairman Holds Secret Conference

LA FOLLETTE IS PLEASED

Aftermath of Progressive Meeting at Toledo Creates Talk in G. O. P. Ranks.

North Baltimore, O., Dec. 29.—Denunciation of the supreme court in its decision in the Standard Oil and American Tobacco trust cases and of the Republican National committee for its failure to order a presidential primary in both states where such procedure would not be illegal, was the speech here today of Senator R. M. La Follette, who is touring Ohio in furtherance of a campaign for the Republican Presidential nomination.

The speaker declared that the court's ruling as to the "reasonable restraint of trade" was an assertion of power. He said he "was not a hide-bound Republican and would join any party that could do better as to the ruling of the people."

While his first speech today was scheduled at this place the car stopped enroute from Toledo here for three minutes at Bowling Green where the senator spoke briefly.

Toledo, Dec. 29.—The interest of Walter Brown, state chairman of the Ohio Republican committee, in the political pilgrimage in Ohio of Senator La Follette developed here today.

Uncommunicative but pliantly etched, La Follette left this morning to speak in western Ohio after a secret conference with the Republican state chairman. Neither Brown nor La Follette would discuss details of their first conference behind closed doors last night, but Brown deny any "deal" was made.

La Follette held an audience of more than 3,000 persons in rapid attention for more than two hours last night, drawing frequent applause. Scores were turned away, unable to get within sound of the speaker's voice while others stood in aisles, perched on window ledges and eaves and jamming the halls. The audience was composed of just plain every-day folk. A few came in automobiles, but many were from distant rural suburbs.

CRIPPLED BOAT TOWED INTO PORT

Washington, Dec. 29.—The crippled torpedo boat destroyer Warrington, which was run down off Hatteras in a gale Wednesday night by another ship, was safely towed into Hampton Roads at 2:30 today by a revenue cutter.

REPUBLICANS CAN NO LONGER FOOL THE PEOPLE

(By C. H. Tavenner.)
Washington, Dec. 29.—"Business men all over the country are expressing complete confidence in the Democratic House. They are not being fooled by the old bugaboo about 'Democratic success meaning business depression.' I am familiar with the Democratic leaders feel about this, and the leaders and the majority of the party are conservative. The tariff will be revised downward, but it will be done conservatively, and without disturbing business conditions unnecessarily. Democrats realize that business men have rights which must be protected."

This statement by Congressman John H. Rothermel, chairman of the committee on expenditures in the department of Commerce and Labor, is endorsed by all the Democrats in Congress. Mr. Rothermel's home is in Reading, Penn., which is in the heart

of the Pennsylvania manufacturing section.

Evidence is multiplying that business men do not fear Democratic success in 1912, and that on the contrary, they will welcome it. This is due almost wholly, the House leaders say, to the business like way in which the Democrats have handled affairs since they were placed in control of the lower house of Congress a year ago.

The steel trust, which would have more reason than any other trust to be suspicious of Democratic success, is thriving as never before at this season of the year, and the customary holiday let up of twelve days was reduced to two. Early in January, it is said, the steel mills all over the country will be working up to 90 per cent of capacity. Blast furnaces, long idle, have resumed operations, and the steel corporation confidently expects 1912 to be the banner year of its history.

The same story of increased activity is told by the railroads. The New York, New Haven and Hartford, which last spring laid off several thousand men, lately has taken them all back, and many more besides. The shops at Hartford, the company officials say, will be busier during the coming year than they have been for four years back. All the big railroads have placed large orders for new equipment, recent order of the New York Central alone calling for an expenditure of \$22,000,000. All of them are working their men to capacity.

Republican orators who expect to fool the voters with the old scare about Democratic success meaning business depression are going to have both hands full from now on.

RICHESON'S TRIAL WILL START JAN. 15

Boston, Dec. 29.—Rev. Clarence V. T. Richeson, accused of the murder of Avis Linnell, has so far recovered from self-inflicted wounds that Chief Justice Aiken of the Supreme court has continued the preparation for the preacher's trial on January 15 by ordering the reservation of the greater part of the fourth floor of the courthouse.

This order, together with the work of selecting veniremen, which has been going on for some days, effectually sets at rest a current rumor of postponement. It was said at the Charles Street jail that Richeson is fast recovering and is now nearly in a normal condition.

Mr. and Mrs. Frank H. Carter, of Cambridge, with whom Richeson boarded during his stay in that city, were summoned to the District Attorney's office today on a rumor that the expected to leave for the south before the trial.

BELIEVE BUEHLER GIRL LEFT WITH RAILROAD MAN

Chicago, Dec. 29.—Claiming to have information that a railroad employee who was a friend of Violet Buehler, missing since November 25, disappeared simultaneously with the girl, Inspector Hunt has detailed officers to obtain all the information possible about this man, particularly his habits and if he had ever called on the girl at her mother's South State street hotel.

Inspector Hunt complained of being handicapped in the search because he believed the girl's mother had withheld information regarding the past life of her daughter.

HOWELL USED HYPNOTISM TO WIN RICH WIFE

Los Angeles, Cal., Dec. 29.—Mrs. Margaret Armstrong Howell, known as the "Helen Gould" of Spokane, Wash., who disappeared an hour after becoming the wife of George Howell, a mining operator, three weeks ago, emerged from her seclusion today, and instructed her attorney to bring suit at once for the annulment of the marriage on the grounds that she was under a hypnotic spell when the ceremony was performed. She also arranged to apply for an injunction to restrain Howell from seizing her property.

Prior to her marriage to Howell the woman owned an immense florist business in Spokane, which she ran under her maiden name of Margaret Armstrong. She had large realty holdings in Washington, and was well known in business circles of the Northwest. She claims Howell induced her to sell all her property and then forced her, through his superior will power, to marry him.

"The strange fascinating power he wielded over me was terrible," said Mrs. Howell. "Once in his company I seemed to lose control of my own will."

DRANK POISON FIXED BY BROTHER

Philadelphia, Dec. 29.—William Will, 39, was found dead in his home here yesterday from poison which had been prepared by his brother John, one year older, with suicidal intent. It is the theory of the coroner that when William Will came home he saw the poisoned whiskey on the dining room table and took a drink, dying before he could leave the room.

DR. SUN IS ELECTED PRESIDENT

Eighteen Provinces Vote for Him at Nanking Conference

SUN MAKES STATEMENT

Believed He Will Demand Withdrawal of Imperial Troops to Prevent Bloodshed.

Tien Tsin, Dec. 29.—It is asserted by members of the embassy of Mongolia that the Russian committee in the city is responsible for the virtual domination of Manchuria by Japan. Charges are made that the Russian military council has been pursuing the same policy in Mongolia as was formerly carried out in Afghanistan with the purpose of making Mongolia subjective and preventing the Japanese from expanding.

Shanghai, Dec. 29.—Immediately following the receipt of word from Nanking that he had been elected president of the republic of China, Sun Yip Sen made the following statement: "I consider it my duty to accept the presidency. My policy will be to secure peace and please my people. My single aim is to insure the peace and contentment of the millions of my fellow countrymen."

The news of the election to the presidency by the delegates of 18 provinces of China at their conference at Nanking spread with extraordinary rapidity among the population. When Dr. Sun appeared he was greeted with an enthusiastic ovation.

It is believed that the president will demand the withdrawal of the so-called imperial troops from their positions in order to avoid the possibility of a clash between them and the troops of the republic government. As soon as the new plan is completed the armistice existing will be ended and the Manchurian troops ordered to lay down their arms or enter the service.

As soon as military arrangements are completed negotiations will be opened on the subject of the pensions to be conferred on former princes and Manchurian governors. Dr. Sun Yip Sen elected as first president of the Republic is a native of Canton. He was one of the plotters of a plot to seize Canton in 1895, but the plans of the conspirators were destroyed and several were put to death but Dr. Sun fled to the British colony in Hong Kong. Later he visited Japan and stirred up the Chinese in Japan with revolutionary ideas.

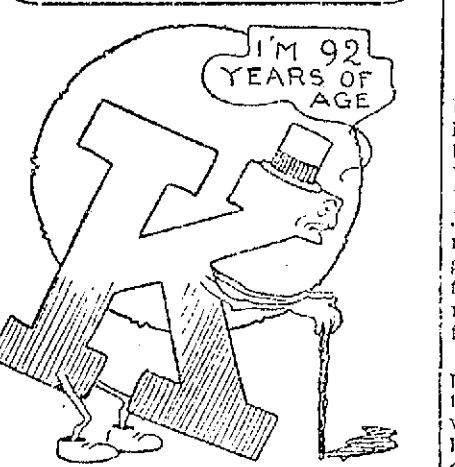

SECOND WHITE MAN IS ELECTROCUTED IN NORTH CAROLINA

Raleigh, N. C., Dec. 29.—The jury, the court and the governor of North Carolina will be accountable to God for my murder," with this expression on his lips, L. M. Sandlin, of Wilmington, convicted of wife murder paid the death penalty in the electric chair here today. He was the second white man to be electrocuted in this state.

SHOT OVER HORSE TRADE

Clarksville, Tenn., Dec. 28.—Oscar Webb, a rural mail carrier, was shot and mortally wounded yesterday about noon by Ed Hayes, a constable. The trouble arose from a horse trade made some time ago. Hayes escaped.

MINORITY LEADER IN HOUSE OF REPRESENTATIVES MAKES REPLY TO ENGLAND'S CHARGE OF DISCRIMINATION IN FIXING TOLLS FOR CANAL

It is agreed that the canal may be constructed under the auspices of the Government of the United States, under directly at its cost or by gift of money to individuals or corporations, or through subscription, or purchase of stock or shares, and that subject to the provisions of this present treaty, the said Government shall have and enjoy all the rights incident to such construction, as well as the exclusive right of providing for the regulation and management of the canal.

THE SECTION OF THE HAY-PAUNCE FOTE TREATY WHICH STATESMEN SAY GIVES THE U.S. CONTROL OF THE CANAL

THE CANAL SHALL BE FOR AND OPEN TO THE TIME OF WAR AS IN TIME OF PEACE TO THE VESSELS OF COMMERCE AND OF WAR OF ALL NATIONS ON TERMS OF ENTIRE EQUALITY

A bitter fight probably will be precipitated in Congress following the holiday recess in fixing tolls to be imposed upon shipping using the Panama canal. Representative James R. Mann, minority leader in the house, backs up the president in thinking American vessels ought to have a preference in tolls, despite all treaties do not forbid this, as charged by England. Sen. Brandegee, of Connecticut, chairman of the senate committee on interoceanic canals, will call a meeting of the committee immediately after the holiday recess. Emory Johnson, of the University of Pennsylvania, retained by the government to study the canal problem, estimates that eight million tons of shipping will go through the canal annually. An initial toll of \$1 a ton, proposed by Col. Goethals, engineer in charge of the canal construction, would hardly more than pay for the operation and maintenance, experts have pointed out.

Georgetown, O., Dec. 29.—Brown county, in the second election under the Rose County option law, increased her majority over three years by nearly 600. The majority three years ago was 650 and in today's election 1,250.

The campaign has been the most spirited ever held. Speakers have gone into every school district in the county, and aside from this, meetings were held in all the churches.

The wet had as speakers Dan Morgan Smith, Homer Durand and Rev. Wadleigh, while the drys had local speakers. The result of the vote is a surprise even to the most careful computers, as the wets only carried a few voting precincts.

Last night dry followers marched through the streets jollifying, while church bells were rung.

This is the seventh county to remain in the dry column by the elections so far held. Fourteen counties have been carried by the wets.

GOVERNOR DIX WOULD REMOVE HEALTH OFFICER

Albany, N. Y., Dec. 29.—Governor Dix has asked for the immediate resignation of Dr. Alvah H. Doty, as health officer of the port of New York, a position he has held since 1895. Dr. Doty's term expired last January. His removal was recommended recently by Charles N. Bulger, the commissioner appointed by the government to investigate the management and affairs of the office.

In his letter to Dr. Doty, made public today, the governor reviews the report of Commissioner Bulger who declared that the history of the business administration of the state's quarantine "is replete with evidence of gross incompetency and inexcusable negligence."

The governor says the evidence "shows a condition of squalor and

DEFENDS THE "GRIZZLY BEAR"

Dancing Master to Washington's "Four Hundred" Says the Steps Can Be Made Modest.

Washington, Dec. 29.—Egan Warwig, dancing master to Washington's "four hundred," who is teaching Miss Helen Taft, Postmaster-General Hitchcock, John Barrett and other members of the playhouse dancing fifty the "Boston dip," "the grizzly bear" and "the turkey trot" dances, rushed out yesterday in defense of these dances. "While the exaggerated forms of the 'Boston dip,' 'the grizzly bear' and 'the turkey trot' might possibly be offensive to some minds," said Mr. Warwig, "they can be made harmless and entertaining amusements."

"They are built upon the basic principle of the classic waltz and can be made both graceful and modest."

THREE BURNED TO DEATH IN FIRE NEAR FRISCO

San Francisco, Dec. 29.—Three men burned to death today when a pool room and boarding house at a mining settlement here was destroyed by fire early today. The men were Stanley McCloy, John Lowther and a J. C. McIntyre. The fire started in a pool room and spread to the sleeping apartments in the upper part of the house where McIntyre succeeded in escaping from his room, but returned to save some personal effects and was overcome by the smoke. Six others escaped by jumping.

TWO ASPHYXIATED

Allentown, O., Dec. 29.—Joseph Keener, 31, of Allentown, O., and A. Douglass, 42, of Allentown, Pa., respectively watchman and bagman employed by the Pennsylvania railroad, were asphyxiated by fumes from a gas stove in their room in a Cressline boarding house last night. The dead bodies were found today, when they failed to answer calls to breakfast. Both are married.

TIME WAS NOT PROPITIOUS TO LAUNCH MERGER

Chicago, Dec. 29.—On cross examination Albert H. Veeder in the trial of the 14 Chicago packers today described the collapse of the "billion dollar" merger of the packing interests planned by Armour, Swift, Morris and Cudahy in 1902. He said the formation of the gigantic corporation of Kuhn, Loeb & Co., in which plans for the financial project were discussed. A loan of \$90,000,000 was desired and later to a reduction of \$60,000,000 and the capital was reduced from close to a billion dollars to \$25,000,000. Mr. Veeder said the Kuhn representative told the packers that the time was not propitious for launching such a merger and the whole plan dropped after an adjournment of the conference.

PERSIANS APOLOGIZE TO BRITAIN

ENGLISHMAN IS SAFE

Shuster Still Awaits Appointment of His Successor—Suggests Another American for Position

St. Petersburg, Dec. 29.—Dispatches from Tabriz today state that after a bombardment of the rebel brigade effected an entrance to the town. Quiet has been restored among the people.

St. Petersburg, Dec. 29.—The Russian government does not contemplate the dispatch of further troops to Persia. Brigades of sharpshooters, regiments comprised of 4,000 men, with four squadrons of Cossacks, and a battery of artillery are considered sufficient to maintain order in the city of Tabriz. The force of Russian troops at Kasbin totals 4,000 men.

Tabriz, Dec. 29.—The Russian occupation of this city is now complete and practically all the members of a Constitutional party have disappeared. The banks and European merchants will resume business tomorrow after passing nine days of siege.

No casualties among the rest of the foreign population is reported, although many suffered from provisions while boxed in their dwellings during the prolonged street fighting.

The stars and stripes flying over the U. S. consulate were cut down by a Russian bullet during the fighting, but no further harm was done. The principal engagement occurred in the neighborhood of the Russian minister's home.

Teheran, Dec. 29.—The British Consul, W. A. Smart, who was wounded in an engagement between his Indian escort and 800 Kashgari troops from a caravanserai, where he received medical attention, to Kazeroun.

The Persian foreign minister yesterday called on the British minister and expressed deep regret on behalf of the Regent and government for the incident. He informed the British minister that measures had been taken to insure Consul Smart a safe arrival at his post at Shiraz and exemplary punishment for the offenders.

The Persian government is extremely apprehensive lest Great Britain consider the incident justification for a punitive expedition, which might lead to a prolonged, possibly permanent occupation of Southern Persia.

W. Morgan Shuster, the American who was dismissed from the office of treasurer-general by the cabinet, is still awaiting notification of the appointment of his successor. He has suggested the selection of F. E. Cairns, who was his principal American assistant, to act in the interim.

It would enable Mr. Shuster to leave Teheran within a short time. If the suggestion is accepted, possibly he will leave with his family in about 10 days. The only route by which he can return home is by way of Kasbin and Resht, which are now in the possession of the Russian troops, to Baku and through Russia.

The telegraph lines to Tabriz have been restored, and it is presumed that fighting in that district has ceased, but all dispatches so far received from Tabriz are several days old and indicate that the Russians were in a desperate plight Sunday and were awaiting reinforcements. They effected a truce which was held until Monday, when heavy reinforcements arrived and the Russians renewed their attacks.

The Novoe Vremya, of St. Petersburg, advocates, in a manner that amounts to a prediction the complete domination of the city of Tabriz in Persia, by the Russian government. This semi-official organ says:

"The punishment must be meted out to the Persians. This is not the most difficult problem to be solved. A task which is more complicated, and equally important is the introduction into Persia by Russian authority of a severe and firm but just administration. The Persians must remember the bloody week of December and stay the advance of Russian troops, not only by an iron repression of the revolt, but by the establishment of an orderly system; not only by fear, but by gratitude."

THE SALOON AND THE YOUNG MAN.

(Advertisement)
By Dr. Emory W. Hunt, President Denison University.
Denison University has only the interest in the saloon question which any one has who is interested in the development of manhood. We feel the importance of it keenly because we have some hundreds of young men gathered together and are constantly watching them and are sensitive to the influences at work upon them. The prime cause of the failure of any of them is, in nearly every case, found in drink. The recognized and authorized saloon is far more dangerous to the decent young man than the out-of-lawed place. It seems unreasonable that the community should authorize that the community should authorize a saloon for a financial consideration, to prey upon character, when we will not permit them to prey upon property.

And we are deeply concerned to see whether the people will vote special privileges to the very class of men who blackened the name of Licking county, by a contemptuous disregard of all law.

MEETINGS.
The following meetings will be held at the High School Auditorium:
Friday, Dec. 29, at 8 o'clock. Speaker, Prof. Finney of Portsmouth, O.
Sunday, Dec. 31, at 2 p. m. Speaker, Dr. Fess, president of Antioch college. Both "wets" and "drys" and also those who are "halting between two opinions" are invited to these meetings.

A STATEMENT.
(By Rev. C. J. Baldwin, D. D., Pastor Baptist Church.)

The moral effect of the re-opening of the saloon will be both depressing and encouraging. On the one hand it will have a tendency to dishearten all lovers of law and order suggesting to them that they ought never to have tried to obstruct intemperance, or that their endeavors have been of an erroneous character. There are many well meaning friends of righteousness who will be inclined to listen to such considerations, and become faint-hearted for that reason. Why carry on the war any longer at such a disadvantage?
On the other hand all those who prefer vice to virtue will rejoice to see

CARRIERS ARE PREPARING FOR GREAT GAME

Thursday morning the American Athletic Club carriers of Newark had their practice on the Y. M. C. A. gymnasium in preparation for the big games to come off on New Year's Day.

The Advocate carriers had their practice this morning at 10 o'clock. Lots of enthusiasm was shown and the boys worked hard the whole time that they were on the floor. On New Year's morning at 9:30 o'clock these teams from the Advocate and Tribune will combat for the supremacy of the news carriers of Newark. Every loyal supporter of both papers should be there at the Y. M. C. A. gymnasium gallery on time, so that they will miss none of the game.

The first contest will be indoor baseball lasting three innings. After this there will be a basketball game between the two representative teams. Every fellow should be there to root for his bunch and after the game every carrier and every fellow there who is not a member of the Y. M. C. A. will be privileged to take a free plunge in the pool. The following boys are chosen to represent the local papers.

For the Tribune: Elmer Schimmel, Kent Kirkman, Paul Cosway, Homer Easterday, Walter Blizard, Ellis Lamp, George Pfeffer, Owen Paine, Ankele, George Cochran.

Those representing the Advocate are: Frederic Jones, Dwight Murphy, Ralph McLaughlin, Dwight Winters, Ralph Shaw, James Donnell, Jack Blanc, Carl Blime, John DePueze, Arthur Striet and Wesley Leah.

On New Year's afternoon four teams will be chosen from the student gym class which will play basketball. This will begin at 2:30. At 8 in the evening a model gymnasium class will be the feature. The class will consist of H. G. Harker, Carl Kutz, Harry Timmer, Charles Gardner, Raymond Vintata, Russell Long, Phillip Rhoades, Henry Elsenberg, Archie Goodwin, Ben Lindemood and Dudley Miller.

This class will be in charge of the director and several interesting stunts will be given.

A SOCIAL NUISANCE.

(By Prof. C. L. Williams.)

No man has a license to make a nuisance of himself in his social relationships and that is just what he is almost certain to do when under the influence of intoxicating liquor. In public places and in public conveyances he is very apt to be noisy, filthy, impudent, abusive and otherwise obnoxious of the right, convenience and comfort of those about him. The whiskey or the beer that goes into him is very likely to bring to the surface and into public view his worst and most unbecoming qualities. He is in his nature. And the open saloon is the one institution that more than any other tempts men to make nuisances of themselves and furnishes them with every facility for doing so. Social instincts, social ties and social relationships that were to be a means of promoting the welfare of men are employed by the saloons as a means of lowering the ideals and corrupting the morals of men. Therefore as a local citizen of Licking county I am inflexibly opposed to the saloon.

SAVE NEWARK.

(By Prof. W. A. Chamberlin, Ph.D.)
Newark is facing the greatest crisis in her history. The city is resting under the stigma of a terrible outrage. Smearing under this disgrace, the business men a year and a half ago unanimously declared for reform and for a general cleansing of the rotten conditions. The people of the state, yes, of the whole country, are watching to see whether these promises are

will be pulled off. The program will consist of marches, caucuses, exercises on the horse and parallel bars game of black and white, potato race and a short basketball game.

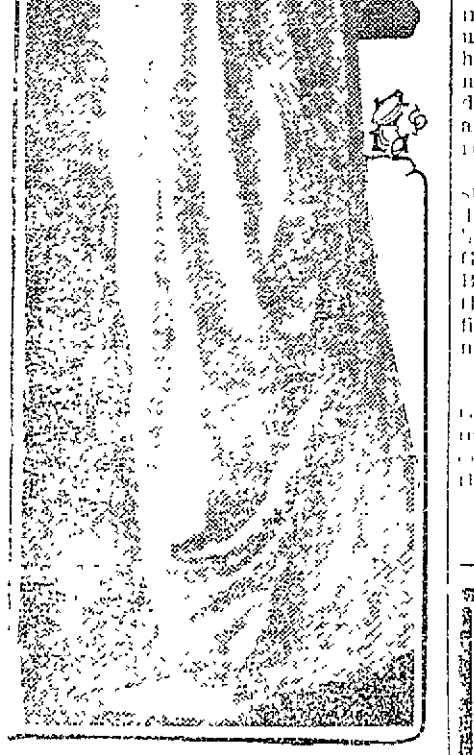

Last night a picked team from the intermediate gym class and another from the student gym class had a basketball game. The contest was a hard fight from start to finish and the boys played well.

A GREEK COSTUME

New York society women are setting new fashions this winter for dress and show. The charming dress shown in the picture is made after a Greekian pattern.

A great deal depends upon environment and mental suggestion. Some people can't see a pitcher without getting thirsty.

Many a fellow has married a woman for her money, only to discover that she has one of those charming dispositions.

Money makes a man makes a speech that will never make him.

to be realized. A good beginning has been made in meeting out punishment to the lynchers, and the city has approved this evidence of sincerity. But the punishment of the offenders is no reform, and the outside world is still waiting to see whether the conditions under which the former outbreak occurred are to be wiped out or not. The county of Licking, and especially the city of Newark, are on trial, and the eyes of the country are on this election of January 6. The people await expectantly the result of that day's work. Whether we desire it or not, they will judge by this election whether the citizens of Newark are in earnest in their declarations of reform. The re-establishment of the open saloon will be interpreted as a surrender to the very forces which have brought the county into disgrace. No pretense of regulating the saloon will cover up or extenuate this capitulation. Compromise here means failure. Everybody knows that the saloon interests were to blame for the riot, and every thinking man will understand that their re-instatement is a virtual admission that the same crowd is still on top.

This being true, what will be the effect of a "wet" victory on the prosperity of Newark? Will it not be a worse blow than what it has already suffered? We are not in the same class with the other counties of the state. They have a clean record compared to ours. So we cannot afford to be swayed by the "wet" majorities in other places. A man who has once violated the law must walk all the straighter afterwards, to convince his neighbors of his sincerity. So the citizens of Licking must be more careful of their actions now than people of other counties.

The question in our county is wider than the mere temperance issue. It involves the prosperity of our city and county. It is a crisis that calls for good men to sink their individual preferences in behalf of the community's reputation and welfare.

Not "boost Newark," but "save Newark" should be the thought of every patriotic citizen. Here is a chance for every man in the county to boost, such as will not come again. A "dry" victory on January 6 will go far towards redeeming the reputation of our city.

SALVATION ARMY'S CHRISTMAS TREAT BRINGS HAPPINESS

There were 125 happy children at the Salvation Army hall, South Fourth street Wednesday evening. Candy and oranges were distributed, also useful presents of clothing and toys were given out. This was the last part of what has been a very successful effort to bring happiness and cheer to homes of poor people of Newark this year by the army.

Capt. T. P. Martin wishes to thank the good people of the city who have had a part in this by donating cash and provisions. He estimates that about 825 persons were benefited by his effort this year.

The instant relief afforded poor over-burdened stomachs by the use of a Stuart's Dyspepsia Tablet should be a reason for constantly keeping a box on hand at home and in the office as well.

The Stomach Welcomes Quick Relief.

A Stuart's Tablet not only aids digestion but it actually does the digesting itself. In other words it furnishes exactly the same elements for the digestion of food as the natural juices of the stomach. The stomach therefore, is not called upon to do any of the work except to churn the juices furnished by the tablet and then push the digested food along into the intestines where it will be still further digested and the strength taken up by the blood to be carried to the muscles and nerves of the body.

So by taking a Stuart's Dyspepsia Tablet after a meal you give the stomach the rest it needs in which to mend itself and grow well again. And you absolutely prevent the souping of any food, the formation of any poisonous gases, belching, foul breath or constipation.

Stuart's Dyspepsia Tablets have done more for humanity and have caused more relieving than any other one agency that can be named.

Every druggist everywhere sells and personally recommends Stuart's Dyspepsia Tablets. The price is 50 cents per box. If you first wish to try them a sample package will be sent you free if you write to F. A. Stuart Co., 176 Stuart Bldg., Mareham, Mich.

REPORT FILED ON TRIALS OF LYNCHERS

FORMER ASSISTANT ATTORNEY GENERAL REVIEWS PROCEEDINGS IN LICKING.

Convictions Establish Record in the United States—Law's Weakness Discussed.

(Ohio State Journal.)

Delays of the laws and the handicaps on the state in the prosecution of criminals are scathingly arraigned by former Assistant Attorney General W. H. Miller in his report, filed yesterday with Attorney General Hogan, on the prosecution of the Newark rioters, who, on July 8, 1910, took Carl Etherington, dry detective from a jail cell and hanged him to a telegraph pole.

With one exception, Dick Holler, who is now a fugitive from justice, Mr. Miller has cleaned up every case on the docket growing out of the riot. One conviction for murder in the second degree, 12 for manslaughter, seven for riot and nine for assault and battery—in all, 30—resulted from the prosecution and 11 men are now serving their times.

Careful research of records made by citizens of Newark, who were anxious to wipe out the disgrace, has disclosed that from this single lynching have come more prosecutions than from all other lynchings in the United States in the last score of years, if not in the United States since the government set up business. This is declared to be due in large part to the fact that most lynchings have occurred in the Southern states with negroes as victims and popular sentiment and indifference of officers to their duty were such that nothing was ever done.

Mr. Miller was put on the job by former Attorney General Denman after Governor Harmon had taken hold of the case. He was left to finish it up by Attorney General Togan, the modestly retains in his report from recounting his own difficulties in surmounting the obstacles in the prosecution. With the knowledge that the state was going after them, many rioters fled.

(This claim giving Miller credit for cleaning up the lynching cases is devoid of truth or justice. The chief credit is due to Phil B. Smythe, Licking County's Prosecuting Attorney. Regarding the delays in the prosecutions which Miller attributes to the law, Newark lawyers state that more delays were due to the conduct of Miller himself in management of the cases than any other cause. It has been common talk among Newark attorneys for many months that Miller's policy was to prolong the prosecutions as far as possible.)

It was also difficult to find witnesses. In successive steps Miller and Prosecutor Phil Smythe of Licking county had to dig up the evidence to get indictments, locate the

indicted, arrest and try them. In all there were two acquittals. Lewis Holton, tried in Knox county, for murder on a charge of venue, and a man by the name of Davis, who was tried for manslaughter. Twelve indictments have been notified.

Mr. Miller commends Prosecutor Smythe and thanks Mr. Hogan for his co-operation. He has a word of praise for Licking County juries, which he said, did not fail to do their duty in the cases where the evidence justified verdicts of guilty. Concerning the lameness of the law, he says:

"The work has been prosecuted with all dispatch possible under existing criminal procedure. Much delay has been caused by the provision in the law that in murder cases 15 days must elapse between the return of the sheriffs summoning the special venire to serve as jurors and the day of trial. There is no reason or excuse for this provision.

"The prisoner is entitled to a list of the veniremen three days before trial, but why the state should be required to wait 12 additional days before beginning the prosecution is without answer. It cannot be assumed that the legislature provided this interim to give opportunity to tamper with prospective jurors in order to miscarry justice. This provision of law has caused frequent delays of a week or more between trials.

"Too much time is also required in impeding juries in murder cases. The defense is granted 16 peremptory challenges while the state is given four. That is when 12 have been passed for cause and are qualified to sit on a jury the defendant can peremptorily dismiss all of them and a third of another jury besides. A reasonable number of peremptory challenges for the state and defense is essential, but why give the defendant four times as many as the state?

"Fewer crimes will be committed when the road to justice is more speedy and less obstructed. Many other changes might be suggested in our criminal procedure which would insure to the benefit and safety of society."

Mother Goose Melodies Brought Down to Date

Old Brother Hubbard, he went to the cupboard
And took a fat jug from the shelf,
And said with a sigh: "Since the town has gone dry,
I just keep a supply for myself."

Old King Cole was a merry old soul—
And he never was known to frown;
But the record they give shows he didn't live
In a local option town.

Sing a song of six pints, labeled "Good Old Rye;"
In a local option town you get it on the sly.
When the bottle's open and to drink the stuff you try—
It's you for the bug-house or the sweet by-and-by.

The Rose law is a failure because it was never intended to promote temperance. The law was conceived by the Anti-Saloon league for the sole purpose of using the dry vote in the country to overwhelm the wet vote in the cities. It's only purpose was to make a record of closing saloons in communities which did not want them closed.

The drys quote President Eliot, of Harvard University in favor of local option. We agree with President Eliot. We favor local option, but county option, under the Rose law, is not local option. Adv.

**VETERAN COMMANDER
FACES DEATH IN CELL**

GEN. BERNARDO REYES

Death in a prison cell is the kindest fate for which Gen. Bernardo Reyes can hope in payment for his efforts to overthrow President Madero of Mexico. A ten year penitentiary term is the mildest punishment predicted for the seventy-four-year-old veteran, and this, at his age, will be equivalent to death. He is to be placed on trial at the capital within a few days.

FAIR VIEW

Mr. and Mrs. George Eshelman and family were guests of Mr. and Mrs. Wm. Fulton of Chatham Christmas.

A birthday surprise party on Mr. Orley Davis was held at the home of Mr. and Mrs. C. G. Walker on last Saturday night. Those present were: Mr. and Mrs. Orley Davis, Mr. and Mrs. Emory Albaugh, Mr. and Mrs. Harry Hartman, Misses Golda Beenev, Myrtle Hissong, Flora Simpson, Mabel Billingslea, Flora Berger, Messrs. Carl Dickey, Floyd and George Van Voorhis, Frank, Eli and Ross Davis of Martinsburg, Fred Hissong, Seal Berger, Fred Simpson, Jessie Berger, Dale Lambert, Harry Eshelman, Lewis Wright, Henry and Harry Buchanan. The evening was very pleasantly spent in music and games. Mr. Davis was the recipient of many useful presents.

A delicious luncheon was served, and at a late hour the guests departed, wishing Mr. Davis many more happy returns of the day.

Mr. and Mrs. John Lambert and son Dale spent Christmas with their son, Mr. and Mrs. Ralph Lambert of Newark.

Mrs. Margaret Albaugh entertained Mr. and Mrs. Thomas Richards and Helen Hartman of Vanatta, Mrs. Lizzie Farrel and son of Newark, Mr. and Mrs. Shannon McPeak and Mr. and Mrs. Jacob Berger, Sunday.

Mr. and Mrs. Wm. Riley ate Christmas dinner with the latter's brother, Mr. and Mrs. J. A. Koontz of St. Louisville.

Mr. Harry Berger started for Mansfield last Saturday to spend his Christmas with his brother, Mr. and Mrs. Samuel Berger.

Mr. and Mrs. Jacob Berger spent

their Christmas with Mr. and Mrs. Joshua Hankinson near Vanatta. A delicious turkey dinner was served.

Miss Ines Dudgeon, teacher of District No. 3, gave a very interesting Christmas entertainment Friday evening.

WHAT TARIFF BOARD PROVES

The Taft tariff board exonerates woolen manufacturers of anything like taking advantage of high tariff rates to advance prices. The board's report would make it appear that the woolen trust, that has robbed the people of millions for a quarter of a century, wouldn't do such a thing.

But the report isn't altogether useless, because it proves beyond successful contradiction:

First—That Schedule "K" is indefensible; it proves this conclusively and for all time.

Second—it confirms practically every charge made against the woolen schedule by Democrats and Progressive Republicans.

Third—it proves that the American people are victims of extortion from woolen manufacturers.

Fourth—And that President Taft's veto of the Underwood-LaFollette bill was against the interests of 50,000,000 consumers of woolsens; that it was absolutely unjustified; unnecessary, and therefore unforgivable.

COLLIER'S COMPLIMENTS NEWARK.

Editorial in Collier's National Weekly, December 20, 1911.
That good sometimes grows out of evil struggling humanity is assured by the copy book, and also by experience. The city of Newark, Ohio, is showing how this trick is done. All that is required is strength of will. Since an anti-saloon detective was lynched in Newark on July 8, 1910, the business men have set out to see that the city is in every way improved. For the lynching one man has received a life sentence, two have been sentenced to twenty years, one to fifteen years, one to a three year suspended sentence, several have been sent to the reformatory; and only two have been acquitted—having obtained a change of venue to another county and the evidence against him being slight. So much

THE OHIO OUTLOOK

(Youngstown Vindicator.)

Senator Green of Coshocton county is firm in the belief that Ohio will go overwhelmingly Democratic next year. At Columbus last week he said: "I should not be surprised to see the figures as high as 150,000; the tax laws alone will change 50,000 votes; all except a few are paying less taxes; Governor Harmon is gaining strength every day." It surely does look good in this state for the Democrats. The people have had the opportunity to compare to their advantage the capacity of Democrats and Republicans to administer affairs of state, and they find that they are better off under Democratic administration.

BOARD OF TRADE ELECTS OFFICERS

At the annual meeting of the Newark Board of Trade on the 14th inst., the following named men were elected directors for 1912: Messrs. E. M. Baucher, Frank L. Beggs, Fred C. Evans, J. P. Irwin, Walter C. Metz, H. L. Montgomery, Carl Norpell, Wm. M. Morgan, C. H. Spencer, W. C. Wells, E. Cary Norris. The Board met Thursday evening and elected officers. President, C. H. Spencer. Vice president, J. P. Irwin. Secretary, W. C. Wells. Treasurer, W. C. Metz.

SANDLES WILL SEE TO PUBLICITY OF "BOOST OHIO" CAR.

Columbus, O., Dec. 29.—If plans announced by Secretary Sandles of the State Agricultural department here today work out, the "Boosting Ohio" Agricultural car which starts on its journey through the state next week will not lack publicity. Mr. Sandles said today that every town visited would be kept in touch with the car and its experiences throughout the trip. New newspaper offices in every town where the car stops will receive a personal visit from the secretary. This special activity on the part of the department was caused by stories of disastrous trips of a similar character backed by other states. Several of these trips might as well have been incognito so far as the benefit to the state was concerned, according to Mr. Sandles.

Causes of Aeroplane Accidents Talked Over At Washington

Washington, Dec. 29.—The causes of aeroplane accidents, and the evils of "holes in the air" were graphically described yesterday before the mechanics section of the American Association for the Advancement of Science by W. J. Humphreys, of the federal weather bureau. The dreaded "holes," he said, were the result of varying speed of different currents. Mr. Humphreys urged aeroplanists to avoid landing in hollows, to shun bright sunny days, when the earth is well heated, or "thunder-torn weather," and to avoid traveling from one surface to another. He said all the described as most positive of the rising currents that produces "holes."

He endorsed the suggestion that there are holes in the air full of poisonous gases, which partially asphyxiate the airman when he rushes through them. The progress of army work with the aeroplane was reviewed by Major George O. Squier of the signal corps. Emil Berliner, A. F. Zohn, Spencer Heath and A. Lawrence Hatch, the latter of Boston, discussed various phases of the problems now being solved in aerial engineering.

When Sherlock goes to solve a riddle Doc Watson toddles at his heels, content to play the second fiddle and utter loud, admiring squeals. He follows Sherlock through the jungles of London crime, a mutt, a fluke; and everything he does he bungles and gains from Holmes a stern rebuke. He tries to imitate his master, to analyze the evidence, and all his efforts meet disaster, and he shows up like twenty cents. And so we grin at this physician whose stupid style is Sherlock's foil, and think he'd be his own condition if he for his own

for the example in law enforcement which Newark sets to the rest of the country. (See Carl Snyder's series in a recent national weekly which was always endeavor not to mention.) Now what else has this town been doing? On one day over 1,300 loads of rubbish were taken out of the town. On Arbor Day over 300 trees were planted by 3,500 school children. Sixty cash and merchandise prizes have been given for the most attractive flower beds. The playground problem is being handled energetically. The people have been made to feel that they want to help to prove Newark a model town of 25,000, to make it larger; and above all, to make it every month a better place for their children to grow up in.

BOTH SIDES IN COTTON WAR ARE READY TO FIGHT

Manchester, Eng., Dec. 29.—Both sides in the great cotton war which was brought about by the refusal of one man and two women to join a trades union and which has caused a lockout of 160,000 weavers and the placing on half time of an equal number of spinners are determined to fight to a finish.

The mills in a score of towns in the north and northeastern districts of the county of Lancashire are at a standstill.

In a few instances the fires are kept going, but this is the only sign that some of the owners are still hopeful of an early resumption of work.

The operatives seem quite firm in their resolutions to demand recognition of their union. They thronged the streets throughout the day, but all has been quiet and orderly. The dispute has spread to the county of Cheshire. The mills at Marple, owned by the Calico Printers' combine locked out their hands yesterday morning and similar action is expected in other Cheshire centers. The Cotton Waste Spinners' Federation has resolved to close the mills belonging to its members on January 10 if the dispute between the employers and the workers in Lancashire is not settled in the interim. The next move appears to lie with Sir George Asquith of the Board of Trade who has acted successfully in so many other labor disputes.

Pimpily? Well, Don't Be!

People Notice It. Drive Them Off With Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights.

Nothing ever cleansed the blood, the bowels and the liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel; there's never any sickness or pain after taking them.

Olive Tablets do all that calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel.

"Every little Olive Tablet has a movement all its own."

band would toil. Are you a Watson, chasing after some bigger man, to ape his curves, to win the world's contempt and laughter? For that's what such a skate deserves. Are you a cheap John imitator, content to follow in the track of some one in futile greater, to try and duplicate his knack? I'd rather frame this little ditty (for which I get a brace of whistles) than march into a conquered city and march at some one else's heels.

NO VARIATION IN NEW YEAR PLANS

President's Reception and Diplomatic Breakfast.

EVERYBODY AT WHITE HOUSE.

Calling on Members of the Cabinet. Senators Who Were Representatives and Governors—Mann's Garden Made Him Eight Hour Advocate—How Cummins Remembers Faces.

By ARTHUR W. DUNN.

Washington, Dec. 29.—[Special.]—The first of every year is pretty much the same in Washington. There are certain fixed functions, and they must come off as sure as the sun rises and some important personage does not drop dead. There is the reception at the White House attended by every government official in the federal service, including the army, navy, marine corps and other officers in uniform and such senators and representatives as feel disposed to pay their respects to the president.

Then there is a breakfast by the secretary of state to the diplomatic corps. It's really a luncheon, but we in Washington call it a breakfast. In the late afternoon calls are made at all the cabinet houses, the speaker's home and perhaps upon a few other officials. There are a few who would be society people who try to make something out of New Year's calls, but outside of official life there are no real New Year's receptions, as was the custom twenty years ago.

Promoted From the House.

Thirty-one senators, or a fraction more than one-third of the senate, formerly served in the house. They are: Rankin, Alabama; Brandegee, Connecticut; Cullom and Lorimer, Illinois; Shively, Indiana; Curtis, Kansas; Parnier, Kentucky; Rayner, Maryland; Lodge, Massachusetts; Smith and Townsend, Michigan; Nelson, Minnesota; Williams, Mississippi; Stone, Missouri; Dixon, Montana; Hitchcock, Nebraska; Newlands, Nevada; Gallinger, New Hampshire; Gronna, North Dakota; Burton, Ohio; Gambia, South Dakota; Simmons, North Carolina; Bailey, Texas; Sutherland, Utah; Swanson, Virginia; Jones and Poindexter, Washington; La Follette and Stephenson, Wisconsin; Clark, Wyoming; Taylor, Tennessee. When New Mexico sends Andrews and Arizona sends Mark Smith to the senate there will be two additional members of this list.

Twenty-one Governors.

There are twenty-one senators who were former governors of their states. They are Clarke and Davis, Arkansas; Perkins, California; Smith, Georgia; Cullom, Illinois; Cummins, Iowa; Bradley, Kentucky; Foster, Louisiana; Crane, Massachusetts; Nelson, Minnesota; Stone, Missouri; Wetmore, Rhode Island; Tillman, South Carolina; Crawford, South Dakota; Taylor, Tennessee; Culberson, Texas; Dillingham and Page, Vermont; Swanson, Virginia; La Follette, Wisconsin; Warren, Wyoming. It will be noticed that Cullom, Nelson, Stone, Taylor, Swanson and La Follette are in both lists.

What Convinced Mann.

During the discussion of the eight hour law in the house Minority Leader Mann explained how he had changed his mind. "There was a time," he said, "when I did not think eight hours was long enough for men to work, but I have changed my mind. I have a garden at home that I use for exercise, and the use of a spade or a hoe there for an hour or two convinced me of the justice of the eight hour law."

Senate Office Building.

Luxuries are said to exist in the senate office building, and I rather think they have things pretty nice over there. They have two finely appointed kitchens, and one of them was recently put in use. Senator Burton having luncheon cooked there and entertaining the Ohio delegation when it declared for President Taft.

"They point to the office building as an extravagance," remarked Senator McCumber of North Dakota. "Why, that building will stand for a hundred years and be useful all the time. Four like it could be built for the cost of one battleship not lasting ten years."

Places For College Men.

The department of agriculture employs more college men than any other in the government. The forestry bureau in this department and the bureau of standards in the commerce department have the largest proportion of college men. The library of congress also has a large number of college men, about 90 per cent, it is said, of the employees.

Cummins Knew Him.

Senator Cummins of Iowa makes a great effort to remember the names and faces of every one he has met. Not long ago he entered the clerk's office of the supreme court and greeted the clerk and assistants by name.

"Now, that's a remarkable thing," remarked the clerk, James McKimber. "Senator Cummins never saw me but once that I know of, and that was two years ago. Yet he called me by name when he saw me."

"Senator Cummins knows me, too," said the colored man at the door, who overheard the clerk's remark. "He done had me tell him who you all was and point you all out at the door before he come in."

MADE A THING OF THE PAST

Physical Culture in Schools Has Gone Away With the Old-time Shoulder Braces.

Some things of common necessity have been passing away without notice of their leave taking. Not infrequently, a few years ago, at the breakfast table, the mother of the family, addressing the putative head of the household, would say: "John, I'm really disturbed about Jane. She's growing right up. I've had to take two tucks out of her dress." "Humph! I suppose girls must grow." "Yes, John, but that's not what I mean to call attention to. She stoops awfully. In spite of everything I say she won't stand up straight. And there's Billy, too. He bends over like an old woman. Those children need shoulder braces. The sooner they have them the better. It mustn't be put off another day."

In that yesterday every drug store had a supply of shoulder braces. They were advertised in the newspapers in liberal space and there was an active demand for them. Very little is heard about shoulder braces today, and boys and girls seem to be growing up straight enough without such appliances.

The reason for the passing of the shoulder brace for children will be recognized as soon as mentioned. The lack of demand is almost wholly due to the fact that more attention is now paid to physical training in our public schools than was the case a few years ago. The girls are greatly improved thereby. They walk better and carry themselves better. As for the boys, they are encouraged to engage in athletic exercises which tend to better them physically and carry out the old Roman saying of "a sound mind in a sound body."

For the advance that has been made praise is due to the gymnastic training advocated by a large German element here for years before it was given a tardy recognition. When the girls get a little older they will slip into corsets, probably, but even then, no matter how tight fitting, they have been so built up physically that they will not be transformed into hour-glass patterns quite as readily as if their bodies had not been given proper care when young. As for the boys, they will grow into lusty young manhood, with bodies fitted to enjoy to the utmost the keenest outdoor sports and athletic exercises.—Indianapolis News.

Those Old Legends.

"Beautiful view here from the veranda."
"Beautiful!"
"This is a most picturesque old resort."
"Oh, very!"
"And the autumn foliage is beautiful."
"Beautiful!"
"You have been here before, I presume?"
"We come up every year."
"There must be some legends connected with this delightfully quaint old place."
"There are."
"Won't you tell us the stories of some of them?"
"Well, that fat woman yonder says her husband is a rich broker; that tall woman says she comes here because she's tired of London and Paris; and that thin girl, the one with the undecided nose, says she's worried to death because her parents want her to marry a dissipated and impecunious duke."

Pots of Glass.

A process has recently been invented in France to produce glass flower pots at very low cost. The pots are like ordinary flower pots, both in size and shape. They are said to be more substantial and have proved to resist the pressure of ice or frozen earth better. Being handsome in appearance, they are fine for potted sale coverings that soon get soiled. When sunk into the earth they remain clean, as neither dirt nor moss adheres. The inside walls being smooth, plants can easily be slipped out, and they are, therefore, excellent for potted plants with many roots. The thickness of the glass, with the consequent lack of porosity, is also said to be an advantage, for the air remains sweet longer in a glass pot than in an ordinary pot, and there is less danger of drying out. While the initial cost of glass pots is somewhat higher, they are really cheaper in the end, because more durable.

In Mr. Balfour's Early Days.

Apparently Mr. Balfour's powers as a politician did not impress those with whom he came into contact during his early days. According to that famous veteran parliamentarian, Sir John Eldon Gorst, who was a prominent member of the famous "fourth party" to which Mr. Balfour first attached himself, no one expected that Arthur Balfour would one day be a leading statesman and premier. Says Sir John, "He was a good speaker when others inspired him, but we did not take him very seriously. His aesthetic tastes and love of music were something of a joke among us. So much so, in fact, that Lord Randolph Churchill would say:

"Go and take my wife to a concert, Balfour, while I stay at home and talk real business."

The Natural Trend.

"I know of one place which should be a paradise for real estate men, the ground rents show such activity."

"Where is that?"

"In the earthquake region."

RAILROAD MAPS ARE IN DEMAND

After Jan. 1, 1912, 21,000 Ohio railroad maps will be available for distribution. It has been several years since any of these maps have been printed, but the general assembly at the session of this year made an appropriation for another supply of them. Nothing given away by the state is more in demand than these maps.

The state printing commission has just let the contract for the supply to be used. Of the issue, 10,000 will be pocket maps and 6,000 wall maps. If you want any of these maps, see your representative or senator because each legislator will get an even hundred maps for distribution. Get your order in early to avoid the rush and thus enhance your chances of getting a map. Last time these maps were printed they cost the state 25 cents, but under the contract just made and which has been awarded to a Columbus lithographing firm, the cost is cut down to 17 cents.

POLICE COURT

One plain drunk was arraigned in police court this morning and on plea of guilty was fined \$5 and costs.

Willis Trace was charged with having created a disturbance in the Propper store and with having used profane language in the presence of ladies. Mr. Propper declined to press the charge and, after an admonition from the mayor, Trace was released.

Roy Cole was brought in last night by Officer Swenhardt on a warrant charging him with the burglary of the Jackson flock. He will be given a hearing before Mayor Ankels at 3 o'clock.

Mayor-elect F. M. Swartz and the incoming chief of police, Major Blizard, were present at court, familiarizing themselves with the routine work of their offices.

SOCIETY

The Phi Sigma Chi fraternity of Columbus entertained with its annual Christmas dinner and ball Wednesday evening at U. C. T. hall. Miss Helen Ingman of Newark was among the out of town guests.

Poinsettias with beautiful shades of red intermingling with the crimson of the holly berry and the white of the mistletoe, made beautiful the home of Mrs. E. C. Wright in Granville street when she entertained with an afternoon reception on Thursday at her home in Granville street.

Mrs. Wright had a number of assistant hostesses and aids in the various rooms among whom were Mrs. Frederick Wright, Mrs. W. C. Miller, Mrs. Fred Black, Mrs. Frank Webb, Mrs. Kemper Scott, Mrs. C. W. Miller of Mankato, Minn., Miss Nina Webb, Miss Juliette Besuden, Miss Martha Fulton, Miss Helen Wright, Miss Mary Sherwood, Miss Frances Wright and Miss Helen Beard.

The dining room was a bower of Christmas greens and the table's centerpiece was formed by the use of a huge bowl of poinsettias.

The guest list included a number of visitors in the city and also many of the younger people home from various schools to spend the holiday vacation.

Mr. Jess Morrison was very pleasantly surprised by a number of his friends at his home east of the city Monday evening in honor of his twenty-first birthday anniversary. The evening was spent in games and music. At 10 o'clock supper was served. Mr. Morrison received several useful gifts and among the most valuable one was an Elgin watch presented by his parents. All left at a late hour, wishing him many more happy birthday anniversaries.

The Mystic club was delightfully entertained on Wednesday afternoon, December 27, by Mrs. Chester Huffman and Mrs. Edgar Ryan at the home of the former in Flory avenue. The afternoon was spent in music and social conversation. At five o'clock a two course luncheon was enjoyed by the members and two guests, Miss Dusthimer, Frances Tavenor, Mame

Loyd of Zanesville and Mrs. J. B. McVey of this city.

Mrs. Huffman and Mrs. Ryan were presented with beautiful hand-painted plates by the members of the club, it being the anniversary of their wedding. The next meeting will be held at the home of Mrs. Eugene Smith in O'Bannon avenue, Friday, January 12.

The following invitations were issued today:

The Entree Nous Club will dance at Assembly Hall Wednesday evening, January 3 Private Stevens Orchestra

The Knights of Columbus entertained with a dance at Assembly hall, Thursday evening, every one in attendance having a delightful time. Dancing was indulged in between the hours of 8 and 12 to the strains of Stevens' orchestra.

The following guests were present: Messrs. and Mesdames T. J. Ferry, J. Roman Adams, F. J. Campbell, James S. Sheridan, James T. Connors, Carl A. Donahue, J. D. Keeley, G. E. Besancene, Clarence Egan, John Cahill, Harry Bourner, Wm. H. Dear-doff, C. J. Friel, Mrs. Mary Long, Mrs. M. McCarthy, Rollin Baird, James Fullen, Robert Costello, Wm. Foran, Harry Shields, Frank Ewald, Dennis White, John Birmingham, George Bowman. The out of town guests were Mrs. W. F. Sheridan, Louisville, Ky., Miss Mayme Widrig, Chattanooga, Tenn., J. C. Foran, Bellaire, O., and C. A. Shisabaugh of Chicago Junction, Lee Roach of Ada, O.

One of the enjoyable events of the week was the six o'clock dinner given by the Misses Lura and Charlie Bearu at their home in Jacksonton. A delicious four course dinner was served after which the evening was spent in music and guessing contests. Misses Sue and Ethelwyn Davis winning the prizes.

Covers were laid for Misses Jessie Dusthimer, Frances Tavenor, Mame

HON. C. A. WINDLE SPEAKS AT HIGH SCHOOL AUDITORIUM ON LIQUOR QUESTION MONDAY

(Advertisement.)

Hon. C. A. Windle of Chicago, editor of the Iconoclast, will address the people of Newark next Monday night, January 1st, at 8:00 o'clock upon the liquor question. Everybody is invited and admission will be free. The lecture will be delivered by Mr. Windle in the Newark high school auditorium.

The Cedar Rapids, Iowa, Daily Republican has this to say:

"Mr. Windle is a speaker of much eloquence and he paints vivid and beautiful word pictures. He has humor and a pleasing personality and he is as he was advertised, a great entertainer. The greater part of his address was a general discussion of the liquor question and a detailed reply to the arguments of the prohibitionists—especially to the arguments of 'Billy Sunday.' It was an important speech, one which was worth the serious consideration of those on both sides of the question. It raises many questions which the prohibitionists are bound to answer, if they would plead their cause successfully before the public."

The Shelbyville, Ind., Democrat says: "As a platform orator Mr. Windle has no superior and W. J. Bryan is his only peer." 12-29-21

V. Beard.

Mr. and Mrs. George Matzenbach entertained the following guests at Christmas dinner: Mr. and Mrs. Gilbert Gibson, Mr. Grover, Gibson of Roseville, Mr. and Mrs. Luther Swingle and sons Walter, Forest and Donald of Iron Spot, Mr. and Mrs. Silas Welsh and the host and hostess, Mr. and Mrs. George Matzenbach and daughter Doris of Newark.

The S. F. club was pleasantly entertained at the home of Miss Harriet Lake in Clinton street on Thursday afternoon. A guessing contest featured the afternoon's entertainment. A delicious luncheon was served the guests.

Mrs. William Hohl entertained a number of young people at her home in Cottage street on Thursday evening out of compliment to Miss Mina Hohl, who is attending school at St. Mary's Academy at Shepards, O.

The evening was spent in playing progressive euchre and the souvenirs were received by Miss Mildred Kuster, Edwin Smith, Marie Kuster and Archibald Davis. In a guessing contest Miss Amy Kuster was the contestant. The guests were Misses Mina Hohl, Christine Young, Mary Kureth, Amy Kuster, Anna Hohl, Mildred Kuster, Marie Kuster, Messrs. Edwin Smith, Edward Kureth, Archibald Davis, Raymond Kureth of Baltimore, Md., and Ray Hohl.

Mrs. Bernard Rielly entertained the members of her sewing club at her home in Buena Vista street on Thursday afternoon. The hours were merrily spent with the needles and luncheon was served to the members and several guests.

AMUSEMENTS

Press Agent Says:

LYMAN H. HOWE AT THE AUDITORIUM SUNDAY NIGHT.

"Those who saw the fighting fleet could not fail to be struck with its high military efficiency and must have been proud of its personnel," said President Taft after gazing with admiration at the grandest naval pageant this hemisphere has ever seen. As he was absorbed in the thrilling spectacle afforded by this legion of the wave thundering salutes to him as he passed out to sea in a fifty knot gale, Lyman H. Howe's camera men were busily engaged in photographing it for the benefit of the entire nation. The splendid animation of the gaily adorned battleship fleet may be seen at the Auditorium on Sunday night.

"THE FIGHTING PARSON."

"The Fighting Parson," which is one of H. R. Porter's new productions will be seen at the Auditorium theatre on Saturday matinee and night.

The title of the play might indicate that the parson is always looking to trouble, but such is not the case. The word "fighting" may be used in many ways. It may be said that every minister of the gospel is a "fighting parson." Does he not lead the fight in the battle of right? The character in the play is a noble one. He has during his studies for the ministry developed himself into an unusually clever athlete. While engaged in his settlement work, he is called upon very frequently to make use of his athletic propensities, hence he is called "The Fighting Parson."

ORPHEUM.

At the Arcade theatre for Friday, and Saturday the program is one of continual comedy. The Prossit Trio is offering one of the laughing successes of the season in a clown act

HEART AND HOME TALKS BY BARBARA BOYD

A Twelfth Night Party

IN this country we hear little of Twelfth Night, but nevertheless if one wanted to give a party New Year's week, or even desired to plan some sort of entertainment to raise money for charitable purposes, it would give a little unique flavor to make it a Twelfth Night affair. Or one could use the idea for another date.

For one of the chief thoughts that centres around Twelfth Night is that of cakes. In the olden time, one of the special observances was the baking of a huge cake containing a bean and a pea. When the cake was cut, the one who secured the bean was named the Twelfth Night King, and was made King of the Revels, or master of ceremonies, as we might call it. The one who secured the pea was Queen. Later on, the finding of the bean and pea signified merely good luck.

A Twelfth Night party might therefore start off with the cutting of the cake and the investing of the lucky finders with the insignia of royalty. These the hostess could have ready for the occasion. There could be a coronation service, and a forfeit for any one who turned his back on their majesties during the evening, or failed to address them with due respect. To prevent complications, it might be well to have two cakes, one containing the bean to be cut by the men, and the other the pea, for the women.

In sending the invitations, the hostess should request that each guest come dressed to represent some cake. Each should be given a number as he or she comes in, unless the members of the party are very well known to each other; then pencils and papers are distributed and a certain time allotted to guess what cake each represents. Prizes can be given to the most successful guessers.

Then each could tell under what circumstances he ate the most delicious cake he ever tasted; or the women could relate the most disastrous cake-baking experience each ever had. Or a series of riddles could be given out for the guests to guess. As for instance:

What kind of cake is preferred by the lover? Kisses.
What cake is the favorite of the jeweler? Gold cake.
What kind of cake would a gardener naturally like best? Fruit cake.
And so on. The affair can end with a cake walk, if this isn't too out of date.

The idea could easily be used for an entertainment for charity, by having the attendants at the various booths dressed, in this case, to represent cakes, by selling cakes; and by collecting the cake recipes of the members of the church or club, or whatever organization is giving the affair, and possibly also of prominent women of the city, and selling them. Then, refreshments could be sold, in which the price ostensibly was for the cake, and the other things served with it, given free. Such an affair would be novel and interesting, and not so much trouble to get up as some other things. And as Twelfth Night occurs this year on Saturday night, being always twelve days after Christmas, which makes it the sixth of January, many would buy their cakes for Sunday evening tea.

FORMER PASTORS SPEAK AT ANNIVERSARY MEETING

The Thursday evening service of the series commemorating the seventy-fifth anniversary of the Second Presbyterian church was largely attended. Addresses were made by Rev. Dr. Sutherland and Rev. Dr. Grandstaff. Rev. Dr. Sawyer was on the program of the evening but was unable to attend and sent a letter embodying his message which was read by Rev. T. A. Cosgrove, pastor of the church. Rev. Dr. Grandstaff and Mrs. Grandstaff arrived at 8:50 last night from Logansport, Ind., and will be the guests of Mr. and Mrs. O. C. Jones at their home in Hudson avenue.

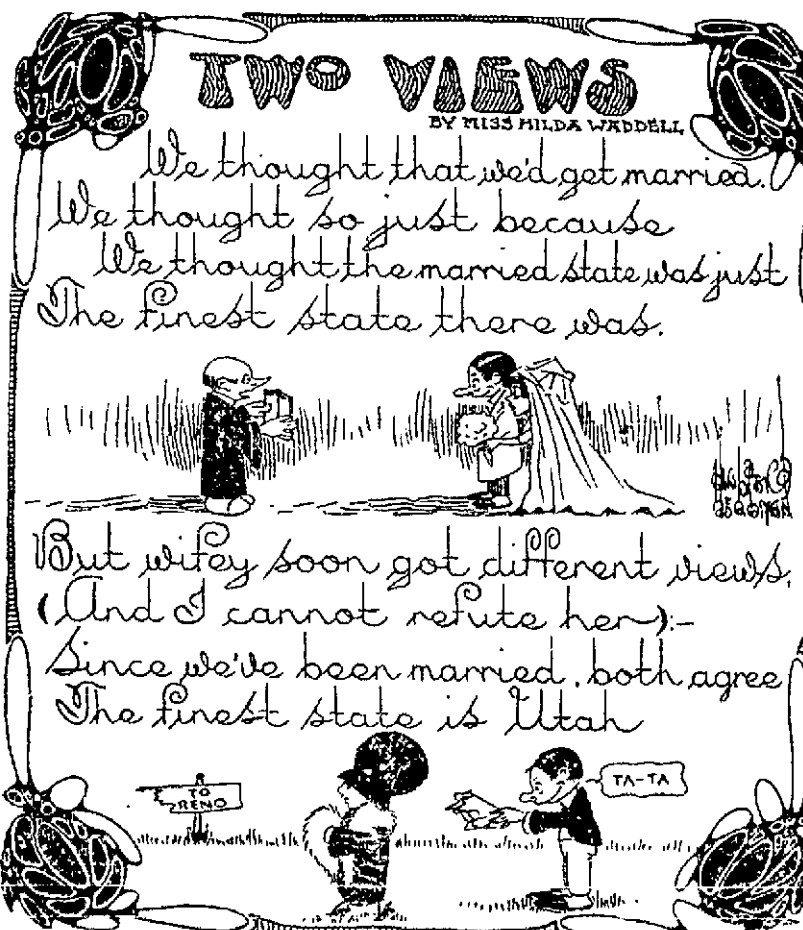

During the service letters of greeting were read from Mrs. Charles Newkirk of Detroit, Mrs. M. M. Merrill of Toledo, Mrs. Grace Brodus of Mt. Clair, New Jersey, and Mrs. Youmans of Pataskala.

At the conclusion of the service the following jubilee hymn, written by Miss Kate Vance, of this city, was sung.

O, God, of times departed
And ages still to be
In praises joyful hearty
Our souls cry out to thee
Thou God of our foundation
O hear us walle we sing
And to this celebration
Thy gracious presence bring

Like incense on the altar
To honor God is sweet
With harp and voice and psalter
To praise our God is meet
O may there be no waning
In service unto Thee
O may there be no feigning
When we shall bend the knee.

In mercy Thou hast granted
To us an honored past
The seeds our fathers planted
In fertile soil were cast
God of our fathers, hear us,
Be mindful of us yet
Be thou forever near us
Lest we thy self forget

RIVER BOAT TRUST IS LATEST WRINKLE

Pittsburg, Pa., Dec. 29.—Details of a million dollar combination of Ohio river transportation companies are being worked out here, and an announcement is expected early next week. The capital will come principally from Pittsburg, but it is understood that Memphis, Tenn., and Ohio men are also interested. The plan as at first proposed was for a packet line between Pittsburg and Cincinnati, but the promoters have extended their operations, and if the company is formed it will operate river boats between Pittsburg and New Orleans. It is stated that the only obstacle now under consideration is the price at which a number of steamers are to be taken into the combination. Leaders of the movement

are confident they will not meet with opposition from the government as they do not aim at control of wharves along the rivers, thus leaving independent interests free to seek business if they so desire.

TEETH GONE; THOUGHT HE HAD SWALLOWED THEM

Columbus, O., Dec. 29.—Unable to find a full plate of false teeth, and convinced that he had swallowed them, B. J. Brubacher, a department manager of one of the stores in Columbus, tossed on his bed in agony for a day and a night, convinced that his missing molars had resented the indignity of being swallowed and were vengefully gnawing holes in his stomach.

Physicians called in attendance were mystified at the intensity of the pain, and Brubacher was about to submit to an operation for the removal of the teeth from his digestive tract when his wife interfered and prevented the "small incision" into the stomach because of her unfounded fear that the physicians wished to excavate her husband with a steam shovel and go exploring for the teeth with a section gang.

In her anxiety she had an inspiration, learned where her husband had eaten his lunch Tuesday, and upon investigation, found that the pretentious cashier had been safely keeping Mr. Brubacher's teeth in her cash drawer, awaiting his return to get them. He lost the teeth while eating lunch, and they were found by a waitress. The physicians cannot understand the sudden cessation of pain when Mr. Brubacher looked with unbelieving eyes upon his own teeth.

PROPOSED ON MOTORCYCLE IS NEW STUNT

St. Louis, Mo., Dec. 29.—Casper Jaeger was going some when he proposed marriage to Miss Clara Bafanno. To be more exact, he was going 30 miles an hour on a motorcycle, and Miss Bafanno was going just as fast, for it was a motorcycle built for two and she was on the seat behind him. He could not put his arms around her or look into her eyes as proposing lovers are always supposed to do.

While he held tightly to the handle bars and watched the road ahead he closed the muffler and called back over his shoulder:
"Wouldn't it be fine to ride through life like this?"
From behind came the voice of Miss Bafanno:
"Now, Cass, if you mean that for a proposal you'll have to hurry."
"All right, I'll throw in a little more gasoline," Jaeger replied.

"I don't mean to run the machine faster," said Miss Bafanno, "but you'll have to hurry the proposal, because leap year is coming."
"Well, then," Jaeger shouted back, "let's not wait."
Miss Bafanno leaned forward and rested her head on Jaeger's manly shoulder blade. "This is so sudden," she said.

This motorcycle proposal was just a mile long.
Yesterday was Jaeger's birthday. At 3 p. m. he called on Miss Bafanno at her home.
"What do you want for your birthday?" she asked.
"I want you," he replied.
"All right," she said. "I'll be ready in 15 minutes."
Jaeger got the motorcycle and the elopers, hitting a clip not far from 10 miles an hour, arrived at Clayton, a suburb, just 12 minutes later. It took them 10 minutes to get the license and five minutes to be married.

"We both believe that two persons who can ride a motorcycle without having smashups ought to be able to get along together in married life," said the bride.

Flying Too High.
"Do man dat alers wants de biggest an' de most of everything," said Uncle Eben, "is liable to pick up an ostrich an' overlook de turkey bird."
